

How to grow tall, straight, Pūriri

By Paul Quinlan

How do you grow tall, straight, pūriri?
Well, not like this...

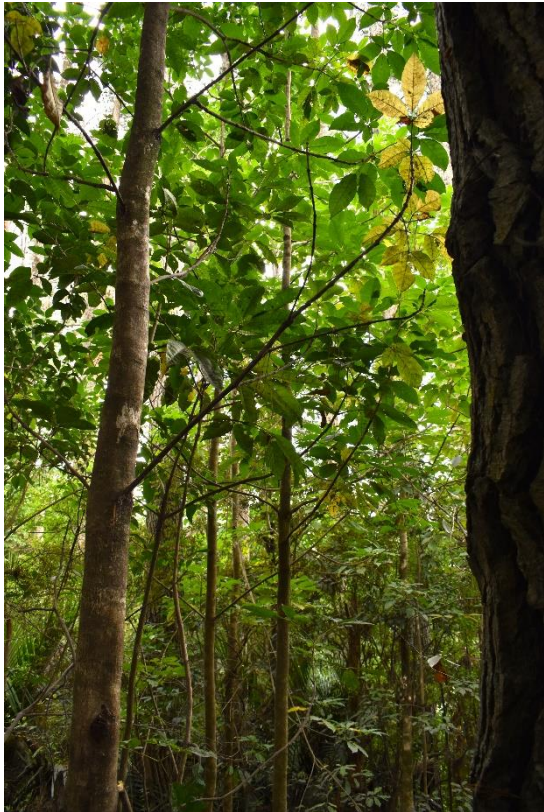

More like this!

6 metre clear-pruned bole, 15.4 cm DBH, and still going up! What is the secret?

No, secret. Just needs an overstory and few kereru. Look at these naturally regenerated pencil-straight pūriri under a pine canopy...

And these....

But, of course, pūriri don't have to be straight to be beautiful:
